and Customized Swabs

BezossSwab Series F

BezossSwab Series P

BezossSwab Series M

A photograph of two scientists in a cleanroom environment. They are wearing white lab coats, blue hairnets, and white face masks. One scientist is holding a black clipboard and a pen, while the other is pointing at a small vial. The background is a bright, clean white.

CLEANROOM SWABS

Our BezosSwabs are engineered for precision cleaning in cleanroom environment. They are silicon free, with extremely low ionic and NVR level for critical cleanroom applications. With our standard models and customized design, Bezoss is able to provide a swab that will fit your contamination purpose.

A photograph showing a stack of cleanroom swabs. The swabs are white and rectangular, with a black handle. They are arranged in a neat stack, showing the edges of the swabs.
